#### Professional Service Terms and Conditions

#### Access to Site

Unless otherwise stated, the Design Professional will have access to the site for activities necessary for the performance of the services. The Design professional will take reasonable precautions to minimize damage due to the activities, but has not included in the fee the cost of restoration of any resulting damage.

#### Fee

The total fee, except stated lump sum, shall be understood to be an estimate, based upon Scope of Services, and shall not be exceeded by more than ten percent without written approval of the Client. Where the fee arrangement is to be on an hourly basis, the rates shall be those that prevail at the time services are rendered.

#### Billings/Payments

Invoices for services and reimbursable expenses shall be submitted, at the Design Professional's option, either upon completion of the services or on a monthly basis. Invoices shall be payable within 30 days after the invoice date. A service charge of 1.5% (or the legal rate) per month will be applied to the unpaid balance after 60 days. In addition, if payment is not received within 60 days, the Design professional has the right to stop work, and the client shall indemnify and hold harmless the Design Professional against all damages resulting from such stoppage. The Client agrees to pay all costs of collection attributed to late payment, including reasonable attorneys' fees. Retainers shall be credited on the final invoice.

#### Hidden Conditions and Hazardous Materials

A condition is hidden if concealed by existing finishes or is not capable of investigation by reasonable visual observation. If the Design Professional has reason to believe that such a condition may exist, the Client shall authorize and pay for all costs associated with the investigation of such a condition. If (1) the Client fails to authorize such investigation after due notification, or (2) the Design Professional has no reason to believe that such a condition exists, the Design Professional shall not be responsible for the existing condition, nor any resulting damages to persons or property. The Design Professional shall have no responsibility for the discovery, presence, handling, removal, disposal, or exposure of persons to hazardous materials of any form.

#### Indemnification

The Design Professional and the Client mutually agree, to the fullest extent permitted by law, to indemnify and hold each other harmless from any and all damage, liability or cost (including reasonable attorneys' fees and defense costs) to the extent caused by their own negligent acts, errors or omissions and those of anyone for whom they are legally liable, and arising from the project that is the subject of this agreement. Neither party is obligated to indemnify the other in any manner whatsoever for the other's own negligence.

#### **Risk Allocation**

In recognition of the relative risks and benefits of the project to both the Client and the Design Professional, the Client agrees, to the fullest extent permitted by law, to limit the Design Professional's total liability to the Client, for any and all damages or claim expenses (including attorneys' fees) arising out of this agreement, from any and all causes, to the total amount of \$100,000, the amount of the Design Professional's fee (whichever is greater) or other amount agreed upon when added under Special Conditions.

#### **Termination of Services**

This agreement may be terminated upon 10 days written notice by either party should the other fail to perform their obligations hereunder. In the event of termination, the Client shall pay the Design Professional for all services, rendered to the date of termination, all reimbursable expenses, and reasonable termination expenses.

#### Ownership of Documents

All documents produced by the Design Professional under this agreement shall remain the property of the Design Professional and may not be used by this Client for any other purpose without the written consent of the Design Professional. Client agrees to indemnify and hold harmless Design Professional from any claims that arise due to the reuse, misuse or alterations of the work documents.

#### **Dispute Resolution**

Any claim or dispute between the Client and the Design Professional shall be submitted to non-binding mediation, subject to the parties agreeing to a mediator(s). Unless otherwise specified, this agreement shall be governed by the laws of the principal place of business of the Design Professional.
