Subject: Request to continue as Deputy Town Historian

To: John Moffitt <jmoffitt@townofmendon.org>

John:

Consider this my formal request to continue for another term as Deputy Town Historian. Among the reasons for this is that only publicly appointed municipal historians (this includes deputy historians) have access to certain archival materials through the New York State library. For the next term, I plan to be following on my discussions with the Pomeroy Foundation regarding Roadside Historical markets (the window for our region opens up from January - February of next year). I will continue to work on developing video "minutes" regarding the research I've already done (and perhaps make a book out of it). Finally, and this is new, I plan to work with New York State and other municipalities on a regional (as opposed to Mendon-specific) project for the coming 250th anniversary of birth of our nation.

Let me know if you need more info.

Thanks,

Chris
